I see daily what Paul and Claire and their team are doing and what they have done with the children at TVI and i would like to contribute to this.

I have a good understanding of the education/ academic world as i work in the education sector as a Finance Manager for a school.

I have some idea of what being a parent Governor entails as i was a Governor for a local school before. I sat on the Business committee, making decisions regarding the finances of the school and going forward. Also helped the school with budget forecasting working closely with the business manager.

I love that the school encourages all round development of each child focusing on education & academic as well as kindness, respect, friendship, community, art, crafts, sport and creativity.
