Top Tips for Phonics Success

What is phonics?

Using the knowledge of the sound, that each letter/letter pattern makes, to read words by blending.
For example

dog

sheep

How can you support your child?

Share a book every night (children should change their book everyday)

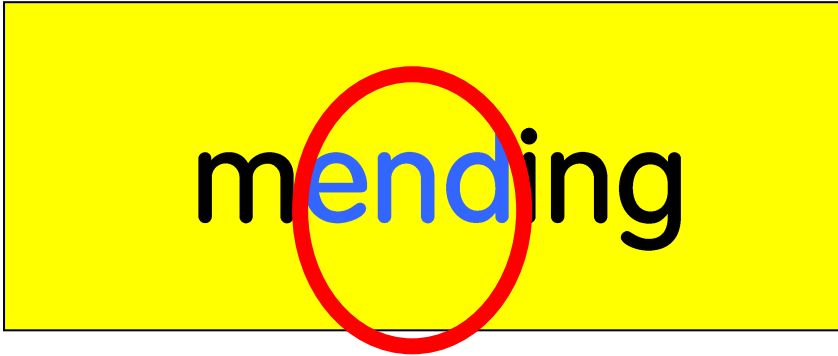

Encourage ch to sound out and blend when they get stuck (if possible – this doesn't work with all words!)

Learn all letter sounds and diagraphs (sh, ch, th, ea, ou..)
using yellow homework book
Can you sound the word out?

Look for words within words.

Remember your child takes home a yellow book as part of their homework. This book contains the sounds and sight words that they need to know.
