Year One Maths Homework

This homework relates to Maths work covered in class this week. Children are learning about the relationship between addition and subtraction calculations. Get children to re-arrange the numbers in the below addition sums to make new subtractions.

Mix 'em up!	Swap these numbers around to make subtractions!
 $6 + 2 = 8$ $8 - 2 = 6$	$5 + 4 = 9$ $\square - \square = \square$
$4 + 2 = 6$ $\square - \square = \square$	$3 + 4 = 7$ $\square - \square = \square$
$3 + 2 = 5$ $\square - \square = \square$	$1 + 3 = 4$ $\square - \square = \square$
$7 + 3 = 10$ $\square - \square = \square$	$1 + 2 = 3$ $\square - \square = \square$

Unless otherwise stated, we expect your child to complete these tasks independently. Please see your child's class teacher if you have any further questions on this particular piece of homework or to find out how to provide additional support/extension work.

This homework is due back to school on Monday.
