Year One Maths Homework

This homework relates to Maths work covered in class this week. Children are learning to add and subtract 10 and 1 to a 2 digit number. Help children to identify number patterns when calculating "1 more" and "10 more" or '1 less' and '10 less'. There are lots of 'counting games' you can play to help reinforce this mental strategy further.

1 more and 10 more 1 less and 10 less		Look carefully at the numbers. Can you see any patterns?	
24		36	
1 more →	25	1 less →	
10 more →	34	10 less →	
45		17	
1 more →		1 less →	
10 more →		10 less →	
58		63	
1 more →		1 less →	
10 more →		10 less →	

Unless otherwise stated, we expect your child to complete these tasks independently. Please see your child's class teacher if you have any further questions on this particular piece of homework or to find out how to provide additional support/extension work.

This homework is due back to school on Friday.
