Year One Maths Homework

This homework relates to Maths work covered in class. Children are learning a strategy to calculate 'near doubles' (e.g. '4+5'). Children should be able to mentally recall doubles within 10. Children should then "add one", as required 'to adjust'.

<i>Double these numbers:</i>				
2 	+	2 	=	4 
1 	+		=	
4 	+		=	
3 	+		=	
5	+		=	

We expect your child to completely this task independently. Please see your child's class teacher if you have any further questions on this particular piece of homework or to find out how to provide additional support/extension work.

This homework is due back to school on FRIDAY.
