

Thames View Infants Technology (ICT) Scheme of Work

Reception, Term 2B

Programme of study summary

Use a keyboard and mouse to communicate through text, Images and sounds. Understand that devices can be controlled.

Know how to sort given objects to produce a grid-based graph.

Learning	Learning intentions	Areas of Development and Aspects of
PD — Moving and handling EAD — Self confidence I can add two numbers together (using software) I can click the mouse and drag an object to the right place on the screen I can click on a box to put the number in the right order I use the keyboard to type a simple label then put my label in the right place by clicking and dragging I can use 2publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer PD — Moving and handling M — Numbers UW — Technology, The World L — Reading, Writing EAD — Media and materials, Imagination UW — Technology PD — Moving and handling EAD — Media and materials, Imagination UW — Technology PD — Moving and handling M — Shape, space and measure UW — Technology PD — Moving and Handling M — Numbers I can use the mouse to find one more and one less, up to 10 W — Technology PD — Moving and Handling M — Numbers I can play a sound game on the computer PD — Moving and Handling M — Numbers I can play a sound game on the computer		Learning
EAD - Self confidence UW - Technology PD - Moving and handling M - Numbers M - Numbers M - Numbers PD - Moving and handling M - Numbers M	I can use a printer without adult support	
I can add two numbers together (using software) PD - Moving and handling M - Numbers I can click the mouse and drag an object to the right place on the screen I can click on a box to put the number in the right order I use the keyboard to type a simple label then put my label in the right place by clicking and dragging I can use 2 publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work of tan use the mouse to find one more and one less, up to 10 I can play a sound game on the computer I can play a sound game on the computer I can click the mouse and drag an object to the right place work and tracking with an analysing and handling means and the computer I can play a sound game on the computer I can play a sound game on the computer I can click the mouse and drag and tracking the computer in the right place work and the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can click the mouse and drag and the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer I can play a sound game on the computer or the chandling the can play and handling the play and		
PD — Moving and handling M — Numbers I can click the mouse and drag an object to the right place on the screen I can click on a box to put the number in the right order I use the keyboard to type a simple label then put my label in the right place by clicking and dragging I can use 2 publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work of a can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer PD — Moving and handling M — Shape, space and measure UW — Technology PD — Moving and handling EAD — Media and materials, Imagination UW — Technology PD — Moving and handling M — Shape, space and measure UW — Technology PD — Moving and handling M — Shape, space and measure UW — Technology PD — Moving and Handling M — Numbers UW — Technology PD — Moving and Handling M — Numbers I can play a sound game on the computer UW — Technology PD — Moving and Handling M — Numbers		
I can click the mouse and drag an object to the right place on the screen I can click on a box to put the number in the right order I use the keyboard to type a simple label then put my label in the right place by clicking and dragging I can use 2publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer M - Numbers UW - Technology PD - Moving and handling L - Reading, Writing EAD - Media and materials, Imagination UW - Technology PD - Moving and handling M - Shape, space and measure UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers	I can add two numbers together (using software)	,
I can click the mouse and drag an object to the right place on the screen I can click on a box to put the number in the right order I use the keyboard to type a simple label then put my label in the right place by clicking and dragging I can use 2publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer I can play a sound game on the computer I can click and drag and drag and the not computer I can play a sound game on the computer I can click and materials a		
right place on the screen I can click on a box to put the number in the right order I use the keyboard to type a simple label then put my label in the right place by clicking and dragging I can use 2publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer PD — Moving and handling M — Technology, The World L — Reading, Writing UW — Technology, The World L — Reading, Writing EAD — Media and materials, Imagination UW — Technology PD — Moving and handling M — Shape, space and measure UW — Technology, The World PD — Moving and Handling M — Numbers UW — Technology, The World PD — Moving and Handling M — Numbers UW — Technology, The World PD — Moving and Handling M — Numbers UW — Technology, The World PD — Moving and Handling M — Numbers UW — Technology PD — Moving and Handling M — Numbers UW — Technology PD — Moving and Handling M — Numbers UW — Technology PD — Moving and Handling M — Numbers		
I can click on a box to put the number in the right order I use the keyboard to type a simple label then put my label in the right place by clicking and dragging I can use 2publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer I use the keyboard to type a simple label then put DUW – Technology, The world UW – Technology, The World L – Reading, Writing EAD – Media and materials, Imagination I use the mouse to make the scanner work I can remember the pin numbers I can play a sound game on the computer I can play a sound game on the computer I use the mouse and material in the right place who in the right place in the right place who in the right place in		
I can click on a box to put the number in the right order I use the keyboard to type a simple label then put my label in the right place by clicking and dragging I can use 2publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer I use the keyboard to type a simple label then put M - Technology D - Moving and handling L - Reading, Writing EAD - Media and materials, Imagination UW - Technology PD - Moving and handling M - Shape, space and measure UW - Technology, The World DW - Technology PD - Moving and handling M - Numbers UW - Technology, The World PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers	right place on the screen	
order PD - Moving and handling M - Numbers		
I use the keyboard to type a simple label then put my label in the right place by clicking and dragging I can use 2publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 M - Numbers UW - Technology, The World L - Reading, Writing EAD - Media and materials, Imagination UW - Technology PD - Moving and handling M - Shape, space and measure UW - Technology, PD - Moving and handling M - Shape, space and measure UW - Technology, PD - Moving and Handling M - Numbers UW - Technology, PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers		
I use the keyboard to type a simple label then put my label in the right place by clicking and dragging I can use 2publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer I can play a sound game on the computer I can use the keyboard to type a simple label then put my label then put my label then put luw – Technology PD – Moving and handling L – Reading, Writing EAD – Media and materials, Imagination UW – Technology PD – Moving and handling M – Shape, space and measure UW – Technology, The World PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers	order	
my label in the right place by clicking and dragging I can use 2publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer I can use the mouse a picture of a bear and writing L – Reading, Writing EAD – Media and materials, Imagination UW – Technology PD – Moving and handling M – Shape, space and measure UW – Technology, The World PD – Moving and Handling M – Numbers UW – Technology, The World PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling		
dragging I can use 2publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer I can use 2publish to draw a picture of a bear UW – Technology, The World L – Reading, Writing EAD – Media and materials, Imagination UW – Technology PD – Moving and Handling M - Numbers UW – Technology PD – Moving and Handling M - Numbers		
I can use 2publish to draw a picture of a bear and write some information about it I can click a button to make an action happen. I can click and drag an item to the right place I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer I can play a sound game on the computer I can writing UW – Technology, The World UW – Technology, The World PD – Moving and handling M – Shape, space and measure I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer I can play a sound game on the mouse of a bear and one less, up to 10 I can play a sound game on the computer I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer I can play a sound game on the computer I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer I can play a sound game on the computer		
and write some information about it L - Reading, Writing EAD - Media and materials, Imagination UW - Technology PD - Moving and handling EAD - Media and materials, Imagination I can click and drag an item to the right place UW - Technology PD - Moving and handling M - Shape, space and measure UW - Technology PD - Moving and handling M - Shape, space and measure UW - Technology, The World PD - Moving and Handling M - Numbers I can use the mouse to find one more and one less, up to 10 UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling		Ţ Ţ
EAD - Media and materials, Imagination I can click a button to make an action happen. UW - Technology PD - Moving and handling EAD - Media and materials, Imagination I can click and drag an item to the right place I can click and drag an item to the right place I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer EAD - Media and materials, Imagination UW - Technology PD - Moving and handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling UW - Technology UW - Te	I can use 2publish to draw a picture of a bear	
I can click a button to make an action happen. I can click and drag an item to the right place I can click and drag an item to the right place I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer UW – Technology PD – Moving and handling M – Shape, space and measure UW – Technology, The World PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers	and write some information about it	
PD – Moving and handling EAD – Media and materials, Imagination UW – Technology PD – Moving and handling M – Shape, space and measure I can click the mouse to make the scanner work I can remember the pin numbers UW – Technology, The World PD – Moving and Handling M – Numbers I can use the mouse to find one more and one less, up to 10 UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers		
I can click and drag an item to the right place I can click and drag an item to the right place UW – Technology PD – Moving and handling M – Shape, space and measure UW – Technology, The World PD – Moving and Handling M – Numbers I can use the mouse to find one more and one less, up to 10 UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers	i can click a button to make an action happen.	
I can click and drag an item to the right place UW – Technology PD – Moving and handling M – Shape, space and measure UW – Technology, The World PD – Moving and Handling M – Numbers I can use the mouse to find one more and one less, up to 10 UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers		
PD – Moving and handling M – Shape, space and measure I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling	Logn click and drag an item to the right place	Ţ.
I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer M - Shape, space and measure UW - Technology, The World PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling	T can click and arag an herr to the right place	
I can click the mouse to make the scanner work I can remember the pin numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer UW – Technology, The World PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers		
I can remember the pin numbers PD – Moving and Handling M – Numbers I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer PD – Moving and Handling M – Numbers UW – Technology PD – Moving and Handling M – Numbers	I can click the mouse to make the scanner work	
I can use the mouse to find one more and one less, up to 10 I can play a sound game on the computer M - Numbers UW - Technology PD - Moving and Handling M - Numbers UW - Technology PD - Moving and Handling PD - Moving and
