Year Two Maths Homework

This homework relates to Maths work covered in class. Children are revising place-value - adding together "tens" and "ones".

Look at these number cards.

Using 2 cards, make a 2-digit number. For example:

How many different numbers can you make? There are 12 altogether.

Which number is the largest? _____

Which is the smallest? _____

Can you order the numbers from smallest to largest?

We expect your child to completely this task independently. Please see your child's class teacher if you have any further questions on this particular piece of homework or to find out how to provide additional support/extension work.

This homework is due back to school on FRIDAY.
