Year Two Maths Homework

This homework relates to Maths work covered in class this week.

Children are estimating measures with non-standard units.

Measuring objects at home:

Get a pencil or a biro to measure with. Choose some objects around your house to measure. Estimate how many pencils or bios would fit up it end to end. Then measure it for real.

My object:	My estimate:	Actual measure:
<i>television</i>	<i>10 pencils</i>	<i>13 pencils</i>

Children are discussing & comparing the lengths of their toys.

Draw one of your toys. Measure it using a tape measure and write it's measurements on the drawing.

We expect your child to completely these tasks independently. Please see your child's class teacher if you have any further questions on this particular piece of homework or to find out how to provide additional support/extension work.

This homework is due back to school next **FRI DAY**.
