### Year Two Maths Homework

This homework relates to Maths work covered in class this week.

*Children have been revising the addition and subtraction facts within 50.*

#### Making 20:

*Make these number cards:*

8	13	17	22
---	----	----	----

*Using only these cards, which numbers up to 50 can you make by adding and taking away? Write down the sums you make in the boxes.*

$17 + 8 - 13 = 12$	

We expect your child to complete these tasks independently. Please see your child's class teacher if you have any further questions on this particular piece of homework or to find out how to provide additional support/extension work.

**This homework is due back to school next FRIDAY.**
