Year Two Maths Homework

This homework relates to Maths work covered in class this week. Children are identifying halves (2 equal parts), thirds (3 equal parts) and quarters (4 equal parts) of numbers.

Can you solve these multiple fractions? Remember to start with the denominator (bottom number) and then check the numerator (top number).

$$2/3 \text{ of } 12 = 8$$

$$3/4 \text{ of } 20 =$$

$$2/3 \text{ of } 18 =$$

$$2/4 \text{ of } 16 =$$

There are 25 sweets in a jar. $2/5$ of them are red.
How many are not red?

Sarah has £1.00. She spends $1/4$ on sweets and saves the rest.

How much does she spend on sweets?

How much does she save?

Unless otherwise stated, we expect your child to complete these tasks independently. Please see your child's class teacher if you have any further questions on this particular piece of homework or to find out how to provide additional support/extension work.

This homework is due back to school on Friday.
