Year Two Maths Homework

This homework relates to Maths work covered in class this week. Children are applying the strategy of 'crossing 10' to help them perform addition sums using larger numbers. Children should complete these sums in 2 stages. First, children should apply their knowledge of the 'number bonds of 10' in order to 'make the next multiple of 10'. They should then add "what's left" onto this multiple of 10. When mastered, children should find this 2-part strategy more reliable and flexible than adding on with cubes, fingers or number-lines.

'Crossing multiples of 10' when adding	Complete these sums in 2 stages: 1. Make the next multiple of 10.    2. Add on what's left.
$123 + 8 = 131$ <div style="display: flex; justify-content: space-around; margin-top: 10px;"> <div style="border: 1px solid black; padding: 2px 5px;">+ 7</div> <div style="border: 1px solid black; padding: 2px 5px;">+ 1</div> </div>  <hr style="border: 0.5px solid black; margin: 5px 0;"/> <div style="display: flex; justify-content: space-between; margin-top: 5px;"> <span>123</span> <span>130</span> <span style="border: 1px solid black; padding: 2px 5px;">131</span> </div>	$342 + 9 =$ <div style="display: flex; justify-content: space-around; margin-top: 10px;"> <div style="border: 1px solid black; width: 30px; height: 20px;"></div> <div style="border: 1px solid black; width: 30px; height: 20px;"></div> </div>  <hr style="border: 0.5px solid black; margin: 5px 0;"/> <div style="display: flex; justify-content: space-between; margin-top: 5px;"> <span>342</span> <span>350</span> <span style="border: 1px solid black; width: 30px; height: 20px;"></span> </div>

Unless otherwise stated, we expect your child to complete these tasks independently. Please see your child's class teacher if you have any further questions on this particular piece of homework or to find out how to provide additional support/extension work.

This homework is due back to school on Friday.
