Super Sentences! "Little Lumpty" (Tuesday)

These simple sentences are dull! The author kept on using "went". Add more powerful verbs instead of just "went". We want **super sentences!**

In the little town of Dumpty there was a high wall. Each day, Little Lumpty went to look at the wall. He wanted to climb it, but his Mum would shout, "No!". One morning, Lumpty went to his garden and got a ladder. He went to the wall and went up it. When he got to the top, he went along to one end and then went back to the other. A little later, he realised it was a big mistake! People went to see what all the fuss was about. People went to the bottom of the wall and looked up. Later on, someone went and got a blanket. Suddenly, Lumpty jumped. He went down through the air and to the ground. Later that day, he went home with his mum. Glad to be home, Lumpty went to bed.
