

Sounds we know...

Words to read and write..

Tricky words to learn..

We have been learning about farms... can you tell me what you know? Here are some questions, draw a picture to label or write your sentence.

*I wonder why we have farms? What are the animals that would live on a farm? What did you see at Marsh Farm? Why do we have sheep, or pigs, or cow or chickens on our farms? Who looks after the animals and how? Where do sick animals go and what happens when they get there? What foods do we make from milk? How did you make bread?*
