Dear Parents/Carers;

Nursery Learning

Children will take part in a short whole-class teaching session, followed by a wide range of carefully planned activities to consolidate their learning in class and outdoors. Children are also directed to join in with small group activities led by an adult.

This week with the children we will be turning our role play area into a **pizza cafe**. We will also be learning about **healthy and unhealthy foods**.

We're a PAPERLESS School – so you must download & register your **ParentMail App** to receive e-newsletters, to book after-school clubs & Parents' meetings or to confirm consent for educational visits.

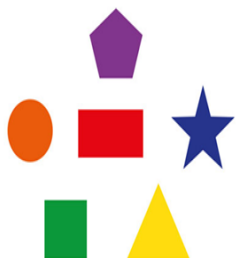

Please remember:

- To wear a face mask at all times when on the school premises, keeping yourselves and others safe, thank you.

Remember communication is so important. If you're worried, unsure about anything or would just like to know how your child is learning, feel free to pop in and see us! It's good to talk.

Please have a little look at the pink box below. I will be putting something new in it each week for you to do. Sometimes it will be about what parents can do, other times it will be for children to make something with you. Please read and enjoy the different activities and let me know how it goes. Remember to tweet pictures too!

Family Learning Together

Go on a "shape hunt" around your house or the local area. Get your child to name and draw the shapes they find on real objects

Don't forget to tweet a picture or a video and tag us too! 😊

We'd like to take this opportunity to thank you for your support and hope that you'll find this information helpful.

Yours sincerely,

Iram Ditta
