11 January 2022

Dear Parents/Carers;

Learning this week in Reception!

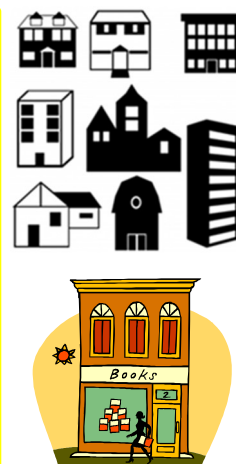

Every week on a Friday we will continue to send out a letter telling you what's ahead for your child. Please continue to check the PARENTMAIL APP to stay up to date news and information.

New Topic – Homes and Buildings

This term children will be learning about different homes and buildings.

We will discuss: Different types of buildings. What do we do in different buildings? What do our own homes are like? Are all homes the same? What materials are homes and buildings made from and why?

In support of our Homes and Buildings topic, Reception class children will be going on a short walk around the local area next week. We will be taking pictures and discussing the various types of homes and buildings near to the school.

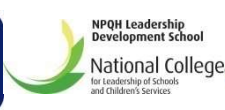

Teeth For Life

We are delighted to inform you that this Academic year our Early Years team are working in partnership with Public Health England, LBBD, in order to bring the 'Teeth for Life' initiative to Thames View Infants.

At home there are a few steps that you can take in order to keep your child's teeth healthy:

- Help your child brush their teeth for at least 2 minutes twice a day
- Cut down on sugary food and drinks
- Register at and visit a dentist regularly

However, in addition to the above, Public Health England have asked us to seek your permission this year so that your child might take part in the 'Teeth for Life' programme at school.

We're a PAPERLESS School – so you must download & register your ParentMail App to receive e-newsletters, to book after-school clubs & Parents' meetings or to confirm consent for educational visits.

Learning summary for next week:

- Continuing to learn about our new topic:
 - Role playing working in a post office
 - Drawing the different rooms in our house.
 - Draw a map of the way to school
- Letters and Sounds (phonics)
 - Recap sounds: h, b, f, ff, l
 - Tricky words: no, go, his, and, him
 - Practising blending (for reading), and sounding out/segmenting for writing.
- Maths – Numbers as labels for counting:
 - Ordering numbers to 20
 - Saying what comes before and after a number
 - Recognising a number and finding it on the number line

I hope you find this information useful, and we are all looking forward to seeing what you have done when you return to school.

Yours sincerely,

Adam Dobson

Head of EYFS
