Dear Parents/Carers;

## Learning in Years 1 and 2 next week!

Next week, in Writing the Year 2 children will be recounting our visit to the church. In Maths they will be sorting shapes and working out change from £1. In Science they discussing reasons why an electrical circuit might not work.

Next week, children in Year 1 will be learning about crossing 10 when adding two numbers together. They will also be learning about the different months in the 4 seasons. In Writing, children will be writing a narrative based on the story 'Once upon a time'. In Science children will sort animals into different groups.

### Parent Teacher Meetings

**Wednesday 10<sup>th</sup> July – Year 1 - Appointments available all day (8:00am – 5:30pm)**

**Thursday 11<sup>th</sup> July – Year 2 - Appointments available all day (8:00am – 5:30pm)**

We're a PAPERLESS School – so you must download & register your ParentMail App to receive e-newsletters, to book after-school clubs & Parents' meetings or to confirm consent for educational visits.

### Coming up .....

9<sup>th</sup> July – Stubbers

16<sup>th</sup> July – Sports Day

### P.E Kit

Please can you send your child with sensible shoes for outdoor PE like trainers or plimsoles in their P.E. kit.

Thank you 😊

### Summer Fayre

Our Summer Fayre will be taking place on Friday 19<sup>th</sup> July. If you are interested in renting a stall please speak to Donna in the office. We desperately need donations including toys, uniforms, books, food, teddy bears and prizes

### Family Learning Together

Year 1 are learning to add numbers that cross 10. It will be helpful if children know their number bonds for 10 so they can apply them when working out the sums.

The Year 2 children are learning about change in maths. If you visit the shops let your child handle the money and work out how much change they will get.

We hope you'll find this information helpful.

Yours sincerely,

Amy Windsor &  
Lakshmi Harikrishnan Nair
