Dear Parents/Carers;

## Nursery learning this week!

Hello, every week on a Friday I will send out a letter telling you what's ahead for your child. Make sure you are signed up to our PARENTMAIL APP or you won't get it. So here it is...

Here's some information about what your child will be working on in class next week, including the lesson details for each day. Children will take part in a short whole-class teaching session, followed by a wide range of carefully planned activities to consolidate their learning in class and outdoors. Children are also directed to join in with small group activities led by an adult.

As always, please come and see us if you'd like more information on the learning your child is working on. We can help you with tips on things to do at home and useful internet resources. We'd also love to hear about the fun you have at home learning new things together. And of course, keep an eye on Twitter so you can see what we're up to!

Remember communication is so important. If you're worried, unsure about anything or would just like to know how your child is learning, feel free to pop in and see us! It's good to talk.

## Have you booked?

- **Book your Parent-Teacher meeting using ParentMail:**
  - Please check in the Office if you have had any trouble booking.

**Graded Outstanding Again!**

**2024**

## Please remember:

- ✓ Names in jumpers, coats and shoes
- ✓ Bring a clean set of clothes
- ✓ Welly boots for cold and wet weather
- ✓ No hooped earrings (we recommend no studs either)
- ✓ Avoid dressing your child in too many layers – school is **very warm**

Please have a little look at the **pink box** below. I will be putting something new in it each week for you to do. Sometimes it will be about what parents can do, other times it will be for children to make something with you. Please read and enjoy the different activities and let me know how it goes. Remember to tweet pictures too!

### Family Learning Together

You can help your child learn to count by making counting a fun part of your day. Count socks as you sort them, count the cars and buses going by. The more experience children have with counting, the more confident they will be with numbers.

Don't forget to tweet a picture and tag us too! ☺

We'd like to take this opportunity to thank you for your support and hope that you'll find this information helpful.

Yours sincerely,

Adam Dobson
